Football, a leading sport, is the first major activity of the school year. Using both brains and brawn, individuals are fashioned into a working unit. Aggressiveness, courage, and sportsmanship are essential for a winning squad. However, it takes more than the team to make a successful season. Here we are picturing the elements that have provided us with the most successful season in recent years. Football at Selah High is on the upgrade. Let's keep it rolling!
